City roads decked up for Modi Show this evening

Mysuru, Apr. 30 (RK,MTY &BCT)- Electioneering has picked up pace and campaigning has reached a crescendo for the crucial polls in Karnataka, and political parties are going full steam into the campaign.

The BJP's chief vote garner and the real trump card Prime Minister Narendra Modi will hold a road show today at 5.45 pm in the heart of Mysuru city from the Gun House Circle to the Millennium Circle (LIC Circle).

The road show is likely to be a replica of a mini Dasara procession showcasing the tradition and culture of the Mysuru region. With PM Modi plunging into the heat and dust of rallies and road shows, the BJP has intensified its campaign blitzkrieg.

The City Police have already banned traffic from 12 noon till 8 pm along the route with alternative routes and also arrangements for parking.

The road show will proceed on Dasara Jumboo Savari route (Raja Marga). But while the Dasara procession begins from Mysore Palace North Gate, the road show will begin near Gun House at the Palace South Gate and proceeds via Sanskrit Patashala, Mysuru City Corporation (MCC) Office, City Bus Stand, K.R. Circle, Sayyaji Rao Road, Ayurveda College Circle, Old RMC Yard, Bamboo Bazaar, Moulana Abul Kalam Circle and concludes at LIC Circle.

Painted saffron

The 5-km route is already decked up and painted saffron with cutouts, banners, flags, saffron clothes, PM's imagery reflecting his childhood and nation-building activities showcased along the route. Five welcome arches have been erected around the Gun House Circle near the Circle entrance, Sanskrit Patashala, MCC Office, K.R. Hospital Circle and Old RMC. These welcome arches too are sporting saffron colour and have cut-outs of PM Modi in a standing posture, cut-outs of Shivaji and Maharana Pratap have also been placed near the welcome arches. A cut-out of Modi along with his mother has been placed at Gun House Circle.

To facilitate senior citizens to watch the road show, a stage has been erected near Chikka Gadiyara where they will be seated. Five mini stages have been set up with red carpets along the procession route for photographers and videographers to do their job from vantage points. An elevated stage has been set up near Bamboo Bazaar by the State Bank of India for its staff to watch the road show, away from the crowd.

Covering 3 city segments

The 5-km road show has been designed in such a way that it will cover all three Assembly segments in Mysuru that comes under the Mysuru city limits. While the starting point of the mega political spectacle is Gun House Circle which is located inside Krishnaraja Constituency, the road show will pass through K.R. Circle and Ayurveda College Circle that come under the Chamaraja Constituency.

Rain cools but dampens road show preparations

A Pourakarmika is seen cleaning Bamboo Bazar Road this morning.

Mysuru, Apr. 30 (SBD&KS)- The spell of rain, which brought some respite from the scorching heat to Mysureans last night, has, however, hampered the preparations for Prime Minister Modi's road show scheduled for this evening.

BJP party workers were seen replacing wet saffron clothes laid on the barricades and other key places along the procession routes this morning while the Pourakarmikas from the Mysuru City Corporation (MCC) were seen cleaning the roads physically and also with cleaning machines.

Murali** (extreme right) **and published by Maharaja Publications at a function held at Gopalaswamy Shishuvihara Auditorium in Lakshmipuram recently. EDITOR'S BOTTOMLINE

I think, in fact, I can vouch for it, that children are pampered more by siblings of parents than parents. Whether they came home or we went to theirs during holidays, in Bangalore and Mysore, we were pampered. And I was particularly the favoured one in my extended family. During holidays, I was not only treated to feasts at home but also taken to various well-known eateries in (then) Bangalore every other day.

Summers weren't complete without cinemas. While my uncle took me to Galaxy, Plaza, Opera and Vijayalakshmi to sharpen my English, my aunt took me to theatres closer to her office on K.G. Road, like Alankar, Prabhath, Nartaki, sometimes Navarang, Sujatha and very rarely to Shivaji and Super. Looking back, I realise my aunts and uncles never considered the pinch on their salaries that my constant demands for one thing or another entailed. Right from Parry chocolates and mouthwatering gulab jamuns in hotels to stationery items like pencils and 'rubbers' and the prized original Hero fountain pens, all my demands were met!

And I wasn't easy to please. Once in Bangalore in the 1970s, I fancied a bath using 'Mysore Sandal' and refused to bathe until I was given one! I woke up the next morning to find my dream bath soap on the pillow. On another day, I went on a hunger strike for Gandhi Bazar Dosa. My uncle took me there in bus Route No. 36 and bought me a hot dosa.

My uncle was an inspiration to me in exploring the roads and by-lanes of old Bangalore. He liked me because I always accompanied him on his walks and runs. We were even taken to their friends' homes in the Cantonment area, where we were served dry fruits and occasionally cakes and puffs. It's a pity that fast-paced life now seems to have diminished the expressions of love and affection among family members. I miss those days of pampering, which had a human touch and stayed with me all my life. Every pampering at the end also had a moral lesson to learn.

World record with 17 flesh tunnels on face

Britain: A British piercing enthusiast broke his own Guinness World Record when the number of flesh tunnels in his face increased to 17.

James Goss initially broke the record for most face flesh tunnels in 2020, when he had 14, and broke his own record in 2022 with 15. Goss was awarded the record for a third time when he added two more flesh tunnels to that total.

"For me, expressing myself regardless of what other people think has made me feel a lot more fulfilled, I don't want to change myself to fit in with other people, it's better to just be myself and spend my energy finding where I fit in anyway," Goss told Guinness World Records.

GWR said each of Goss' flesh tunnels had to measure at least .11 inches to qualify for the world record.

A choco bust of King Charles

London: He's been sculpted in marble and bronze, but now King Charles III has been modelled in chocolate.

A lifesize bust of the monarch - made entirely of chocolates from Celebrations - has been unveiled ahead of his Coronation on May 6, at Westminster Abbey in London.

An expert team of chocolatiers and model makers studied hours of footage the King to capture his likeness, before melting down more than 17 litres of chocolate to inject into a bespoke mould.

The bust, which took four weeks to create and weighs over 23kg - the equivalent of 2,875 individual Celebrations sweets, is modelled on the uniform the King is expected to wear at the Coronation. The medals decorating the chest of the bust were created using one of each of the well-known chocolates, including miniature Snickers bars.

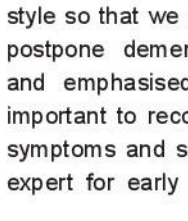
Dr. Rathnavalli delivers talk on Dementia



Dr. Rathnavalli

Mysuru, Apr. 30- As part of the monthly health talk for the senior citizens, the Elder Citizens' Council (ECC), Jayalakshmi-puram, had invited Dr. Rathnavalli Ellajosyula, an eminent neurologist and a specialist in cognitive neurology, Manipal Hospital, Bengaluru and Neurocare, Mysuru, for a talk on the topic 'How can I become a super ager - Warning symptoms and prevention of dementia.'

Dr. Rathnavalli said that cases of dementia are on the rise and every one in 20 senior citizens, and one in five super seniors (over 80 yrs) are affected.

Explaining the symptoms of the dementia, she said most often, memory difficulties cause the person to misplace objects and forget conversations or recent events. Dementia has many risk factors and, low education, hypertension, obesity, diabetes, deafness, social isolation and lack of physical exercise are some important ones.

It is important to improve lifestyle so that we can prevent or postpone dementia, she said and emphasised that is also important to recognise warning symptoms and see a dementia expert for early diagnosis and treatment.

"Quitting smoking, renouncing mobile phones, indulging in healthy habits like yogasanas and meditation to activate the mind and body are some of the means to get rid of dementia and lead a normal life. This can also be achieved through exercises to be practised after consulting an able neurologist," she said.

Dr. Ratnavalli Ellajosyula is keen about starting a Cogworks, an enrichment programme for dementia patients and normal elders to slow the progression of disease. Senior citizens can do voluntary service and get a dual benefit of helping others and improving their own health.

Dr. H.M. Nagaraj, ECC President, presided. S.V. Gowdappa, Chairman of the Trust, lauded Dr. Rathnavalli for serving senior citizens free of cost. Secretary K.S. Krishna welcomed. Prof. Javare Gowda proposed a vote of thanks.

Other members present included K.V.K. Naidu, Shylaja, K.V. Ramanath Vice-President of ECC, V.N. Achar, Latha, Ramesh and Sridhar. Stop sewage flow into storm water drains at Vijayanagar 3rd Stage

Sir,

Mysuru city has been adjudged the cleanest medium city in Karnataka in Swachh Survekshan 2022 rankings. But our city is not completely clean because of the foul smell emanating from storm water drains. The name storm water itself implies that the drain is meant to drain off rain water only but here sewage water also flows into this drain.

The residents of Vijayanagar 3rd Stage have to bear the brunt as the sewage water is flowing from Hinkal village side from last nine months. The storm water drain runs along 17th and 18th Cross Road from Blue Bell apartments till Heritage Club, Vijayanagar 3rd Stage, A1 Block and the foul smell is unbearable.

I have complained to MCC many times but the officials have failed to stop the flow. Even though Vijayanagar 3rd Stage is handed over to MCC, officials point us towards MUDA.

The storm water drain is in a very bad condition along the stretch as the old masonry built wall is full of holes, which leads to drainage water seeping and entering the drinking water (borewell). This also increases health hazards. On behalf of all the residents of Vijayanagar 3rd Stage, I request the Mayor, MCC Commissioner and MLA G.T. Devegowda of Chamundeshwari Constituency to look into this issue as soon as possible.

People are facing a lot of hardship due to rising inflation under BJP rule: Kharge

Malavalli, Apr. 30 (MR&DM)- Maintaining that people are fed up with corruption and soaring prices of essential commodities under BJP rule, AICC (All India Congress Committee) President Mallikarjun Kharge said that the Assembly polls is a very significant one as it is a question of survival of the Constitution and Democracy.

Addressing a Congress mega poll rally at Kanakadasa Stadium in Malavalli town on Saturday, Kharge said that the people have got the right to vote because of Dr. B.R. Ambedkar's Constitution, which was implemented by the country's first Prime Minister Jawaharlal Nehru.

Noting that politicians are coming to the doorsteps of people because of the Constitution, Kharge alleged that the present dispensation at the Centre was out to destroy the Constitution and all democratic Institutions of the country.

Stressing on the need for bringing the Congress to power in the State, the AICC President said that the Congress victory in the State will shape the future course of the country.

Lashing out at the Central and State Governments, the veteran Congress leader said that the people of the country know the programmes of the Congress.

Accusing the BJP Government of sending people who speak truth to jail, he cited the example of Rahul Gandhi whose Lok Sabha Membership was terminated in a hurry and was also asked to vacate his bungalow in a short time. Asserting that it is the Congress alone which can save the Constitution, he called upon the electorate to vote for Malavalli Congress candidate P.M. Narendraswamy.

Pointing out that there are over 30 lakh Central Government and 2.25 lakh State Government jobs lying vacant for years, he wanted to know what Prime Minister Modi was doing for easing unemployment in the country and to stem soaring inflation.

Charging the BJP of lying and spreading falsehood and hatred, he said that it is the Congress which works for the welfare of the poor and takes care of the working class.

Continuing his tirade against the BJP Government, he appealed the people to throw out the corrupt BJP Government and bring the Congress back to power for prosperity of the State.

Congress will win 141 seats, asserts KPCC President

D.K. Shivakumar

Bengaluru, Apr. 30 (KMS&DM)- Asserting that the Congress would win 141 seats in the May 10 Assembly polls, KPCC President D.K. Shivakumar maintained that there are no differences between him and Opposition Leader Siddharamaiah.

In an interview to a National news agency, Shivakumar said that he has faced 9 elections in his decades long political career, out of which he has won 8 times and lost only once.

Dismissing speculations about the rift between him and former CM Siddharamaiah as utterly baseless, Shivakumar contended that he could not say with assertion that the Congress would win with a thumping majority had there been any rift or dissidence in the party.

Coming down heavily against PM Modi and the BJP, Shivakumar maintained that the BJP has not kept any of its poll premises thus far and had also miserably failed in giving an able administration. Hitting out at PM Modi for ridiculing the "Guarantees" of the Congress, he wondered whether the BJP has fulfilled even a single pre-poll promise that it had made.

Pointing out that the Congress has placed a promise of 5 "Guarantees" to the people if it is voted to power, the KPCC President said that the BJP has not been able to digest the growing popularity of the Congress in the run up to the polls.

Sensing that the BJP would lose power in the State, Prime Minister Modi and other top BJP leaders are making frequent visits to the State in order to shore up the BJP prospects, which is a wasteful exercise, considering the fact that the people have already made up their mind on bringing the Congress back to power.

Accusing the BJP Government of rampant corruption and maladministration, he appealed the electorate to throw out the corrupt BJP Government which is dividing the society on caste and communal lines.

Route rehearsal ahead of PM's visit

A multi-cordon security wrap ensured all along the 5-km route

Mysuru, Apr. 30 (MK&BCT)- Keeping the Old Mysuru and Mysuru regions firmly in focus, Prime Minister Narendra Modi is not leaving anything to chance in his attempt to woo voters. He is holding a mega road show in Mysuru city this evening and the Special Protection Group Commandos, City Police and the Paramilitary Forces too are ensuring that there is no security lapse during the road show.

As part of their efforts to ensure order and smooth conduct of the road show from Gun House Circle to Millennium Circle at 5.45 pm today, the City Police and Paramilitary Forces conducted a route rehearsal last evening under the close supervision of the SPG, Anti-Sabotage Squads and the Bomb Squads.

Special vehicles flown from Delhi

Special New Delhi-registered vehicles (black SUVs with jammers) carrying protection personnel and anti-sabotage equipment have been flown to Mysuru in advance. The rehearsal-cum-security sanitisation was held to prevent any untoward incident when the PM is holding the road show.

As in the previous road shows, Modi has a habit of walking along the road with crowds cheering from both sides and the PM waving enthusiastically at the crowd. The security agencies are prepared for this too in the eventuality of the PM alighting from his bullet-proof vehicle, said sources.

A multi-cordon security wrap is being ensured and as the PM comes under a Z-plus special category (leader) and is a National Security Guard (NSG) protectee, all efforts are being made to provide foolproof security to him, sources added.

Anti-sabotage teams at work

Anti-sabotage teams, anti-mines units, bomb disposal and dog squads and intelligence wing officers of the State have also been called in. Managers of hotels and lodges have been asked to promptly inform about any suspicious movement or people staying at their places. Arrangements have also been made in hospitals to deal with any eventuality as a precautionary measure.

As part of rehearsals, forces including the vehicles of the City Police Commissioner, protection vehicles and ambulances marched from the Oval Grounds where the PM's chopper will land and his convoy will proceed to Gun House Circle via MUDA Circle and Ramaswamy Circle. More than 2,000 Policemen were involved in the march that began at Oval Grounds, proceeded towards Gun House Circle and ended at Millennium Circle.

Slow march

From the Gun House Circle, the forces, accompanied by security vehicles moved at a slow pace to reach Bannimantap, passing through Basaveshwara Statue, Mysuru City Corporation Office, K.R. Circle, Ayurveda College Circle, Old RMC Yard, Bamboo Bazaar, Moulana Abul Kalam Azad Circle (Highway Circle) to reach the Millennium Circle (LIC Circle).

To facilitate the rehearsal, traffic was blocked from Oval Grounds to Chamaraja Double Road, Bengaluru-Nilgiri Road, Nanjangud Road and the Agrahara side that leads to Gun House Circle. Traffic snarls were also witnessed around K.R. Circle, Ayurveda College Circle, RMC till the Manipal Hospital Junction via Bannimantap as the vehicles were banned here too.

Due to traffic restrictions during rehearsals, the public had to bear the brunt as traffic was diverted on the road show route. Harried commuters struggled on alternative roads to reach their destinations. Many commuters heading towards Bengaluru to catch their flights were delayed as traffic was banned from Millennium Circle to the Manipal Hospital Junction.

Rain cools but dampens road show preparations

(Continued from page 1)

Though the task of pruning tree branches had been completed yesterday, the MCC had to redo the work at some places as branches bent over the road and were obstructing the view.

The rain provided some relief from the heat, which the city had endured for the past few weeks. Although it did not rain heavily in some parts, it was enough to bring the mercury down in the region. The rain accompanied by thunder began at about 10 pm and poured for more than two hours in some parts of the city, reducing its intensity later, and it drizzled until about 2 am.

While the weather had been cloudy for a few days, it had not rained, bringing up the mercury level, resulting in many residents seeking respite from the heat through fans, air coolers, and air conditioners. The rain has not only cooled the weather but also provided water to plants and roadside trees.

However, the rain has caused some problems as well. A tree was uprooted in Gokulam, and there was no power in Gandhinagar, Karunapura, Maruthi Circle in N.R. Mohalla, and surrounding areas since last night.

The last-minute preparations for PM Narendra Modi's roadshow were hampered. Garbage, small stones, and gravel have been washed onto the roadshow route, and even small branches and dry twigs fell on the road.

Pourakarmikas, who had cleaned the roads for the past two days, were seen today removing washed-up garbage, stones, gravel, and twigs from the road. Huge welcome arches and cut-outs that were erected near JSS Mahavidyapeetha and other parts have become wet and BJP workers were seen replacing the wet cloth. Some were hoping that the wet cloth will dry before the PM arrives.

According to weather reports, the maximum temperature today will be 32 degrees Celsius, and the minimum temperature will be 25 degrees Celsius. There is a 70 percent chance of precipitation today, and scattered rains are expected from 2 pm, which may continue until the wee hours of tomorrow.

Benefits of Sun Gazing

Sun is the source of all energy and the earth relies on sun. Keeping this in mind, one should understand that the sun's energy offers abundant source of energy and if harnessed in a correct way, it is bound to offer plenty of benefits.

When sun is seen directly through the eyes, it activates the pineal gland, which is also known as the third eye responsible for physical, mental and spiritual activities of human.

The sun has photons and light that our brains can absorb and stimulate something called bio-photons. Studies have shown this to be beneficial to the health and well-being of humans.

This stimulates the pineal gland, also known as the "master gland." This boosts the secretion of melatonin and serotonin, our "feel-good" hormones.

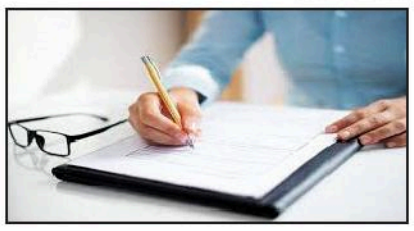
WORD OF THE DAY

Gravamen



Pronunciation: gruh-VAY-mun.
Meaning: Gravamen is a formal word that refers to the significant part of a complaint or grievance.
Origin: Gravamen is not a word you hear every day (even rarer is gravamina, the less expected of its two plural forms; gravamens is the other), but it does show up occasionally in modern-day publications. It comes from the Latin verb gravare, meaning "to burden," and ultimately from the Latin adjective gravis, meaning "heavy." Fittingly, gravamen refers to the part of a grievance or complaint that gives it weight or substance. In legal contexts, gravamen is used to refer to the grounds on which a legal action is allowed or upheld as valid. (The word is synonymous with a legal use of gist not found outside technical contexts). Gravis has given English several other heavy words that throw their weight around more frequently, including gravity, grieve, and the adjective grave, meaning "important" or "serious."
Example: "The only thing worse than living under a totalitarian Communist regime is outliving one. That seems to be the half-serious gravamen of 'The Interim,' a novel published in 2000 by the East German writer Wolfgang Hilbig (1941-2007) and now translated into supple, vivid English by Isabel Fargo Cole. It's not a completely absurd grievance. Not everyone does well with the kind of freedom afforded by the free market." —Caleb Crain

THE ODD WORD

Galatea

Striped cotton.

PHRASE OF THE DAY

A game of two halves

Meaning: Circumstances have changed suddenly.
Origin: This football (soccer) commentator's cliché refers to games which have a different character in the two halves. The source of the phrase isn't clear. It was in wide use by 1990 when it was listed in a posting in the Usenet newsgroup — ***rec.sport.soccer.*** That posting cited a 'soccer dictionary' of 1988/89 as the source.
